

Everbuild Building Products Ltd are manufacturers of sealants, adhesives, fillers and building chemicals and from June 2013 is now part of the Sika family. The acquisition by the Swiss firm Sika AG means Everbuild will operate as a subsidiary of Sika UK which will strengthen their position in the construction chemical market and DIY channels.

We will ensure that all of our activities are conducted in accordance with sound environmental practices which prevent pollution. Our environmental performance will be continually improved.

Our policy includes the following activities:

- Minimising the consumption of natural resources and energy.
- Reducing the creation of waste by the adoption of improved operating practices and by the recycling of materials whenever practical.
- Ensuring all waste and effluent is disposed of in a safe and responsible manner.
- Investing in the development of new products and processes that have a lower environmental impact .
- Fully complying with all appropriate environmental legislation and other associated requirements.
- Setting and reviewing progress towards environmental objectives, targets and management programmes to ensure continual improvement.

Everbuild aims to work with its supply chain partners and business stakeholders to ensure an understanding and appreciation of its environmental issues.

By this policy Everbuild recognises its responsibilities toward protecting of the environment, and issues this statement as a commitment of both management and employees to minimise the environmental impacts of its operations.
